MTV invites YBAs to Texas for AIDS auctioned by **Phillips de Pury**

This **September**, **MTV** commemorates the 30 years that have passed since the outbreak of the AIDS virus with «**MTV Re:Define**», an art exhibition and auction. Organized by Future Tense, a London-based organization that stages art events and works with emerging figures, the show will feature 30 artists (one for each year of the AIDS pandemic), many of whom have been commissioned to create new work.
