BERLIN - Ephemeral

Jan. 19 - Feb. 28

curated by Johann Haehling von Lanzenauer

Circle Culture gallery space @ Prêt à Dîner - Zinnowitzer Str. 7, 10115

The ephemeral character of all life and the universe is undeniable. Everything created by nature dissolves with the certainty as it has arrived. It's just a question of time. Plants, water and earth, the animal world, whole solar systems and every human being are just there for a little moment in the endless history of time. So it seems we all are simultaneously the audience and the actors of a beautiful ephemeral happening called: Life!

The location is a 450 sqm (appr. 4,500 sqf) hall in a massive historic painting building for opera sets right in the center of Berlin Mitte.
