AVANT ARTE - New Prints Release
AWAKENING RIDE & PERSONAL SPEED OF LIGHT

Early April 2018

Almost one year since their first collaboration, Katrin Fridriks studio is once again teaming up with Avant Arte for their 3rd limited edition release. Staying true to their signature concept, Icelandic-born artist and Dutch digital platform for collectible arts will be releasing 2 new prints presenting 2 major styles of her work.

Keeping the high quality standard as a critical attribute for these editions, both images are once again produced in close collaboration with Coriander Studio, using variety of cutting edge print and post-print techniques.

Titled « Awakening Ride » and « Personal Speed of Light », the editions are representing both Fridriks' visionary monochrome body of work, as well as vigorous color rich pieces. Applying the intense Lascaux silver silkscreen color for background and accenting the abstract forms with embossed & selected varnish, each print will be available in an edition 77 examples, meticulously transferring the thrilling effect of her energetic canvases.

After these prints Fridriks and Avant Arte will be continuing their collaboration with special limited edition release that will be introduced at her upcoming solo show with Circle Culture gallery in Berlin, opening on April 27th.
